

# Modern Pharmaceutical Facilities

24 - 25 September 2018  
Biel, Switzerland

Course No. 6728

Engineering

*with plant visit  
of the newly constructed  
CSL Behring site*

## Target group

Management and employees from the pharmaceutical industry, in particular from the areas of drug production, technology, development, engineering and quality assurance.

The seminar contents are also addressed to suppliers of pharmaceutical processing equipment as well as to employees of engineering companies and architectural companies who are working in the pharmaceutical field.

In cooperation with

**CSL Behring**  
Biotherapies for Life™

Arbeitsgemeinschaft für Pharmazeutische Verfahrenstechnik e.V.  
Gemeinnütziger wissenschaftlicher Verein  
International Association for Pharmaceutical Technology

## Objectives

In continuation of the successful seminar series „Innovative pharma plants“, in this seminar interesting large-scale and rebuilding projects in the area of pharmaceutical manufacturing and biotechnology will be presented. Furthermore, there will be given insights into modern 3-D factory planning and the management of large-scale projects.

The event also looks beyond the pharmaceutical sector and the participants will get to know interesting potential connections between the automotive and pharmaceutical industries.

A presentation and a site visit of the new large-scale project of CSL Behring for recombinant coagulation factors completes the event.

## Course leader

Roland Szymoniak  
Sanofi-Aventis Deutschland GmbH

## Programme

**Monday, 24 September 2018, 09:30-17:00**
